UNVEIL THE GREAT MYSTERY OF ANCIENT EGYPT IN THE NEW SLOT GAME BY MASCOT GAMING, BOOK OF ANKSUNAMUN: ROCKWAYS.

*In the courts of pharaohs, wise and old, Anksunamun's stories are told,
Of treasures veiled in mystery, in glittering folds of gold.*

Mascot Gaming has recently revealed its latest game, promising to be a major hit. As autumn deepens, players are invited to embark on a journey through time to Ancient Egypt, unveiling its mysteries and hidden treasures.

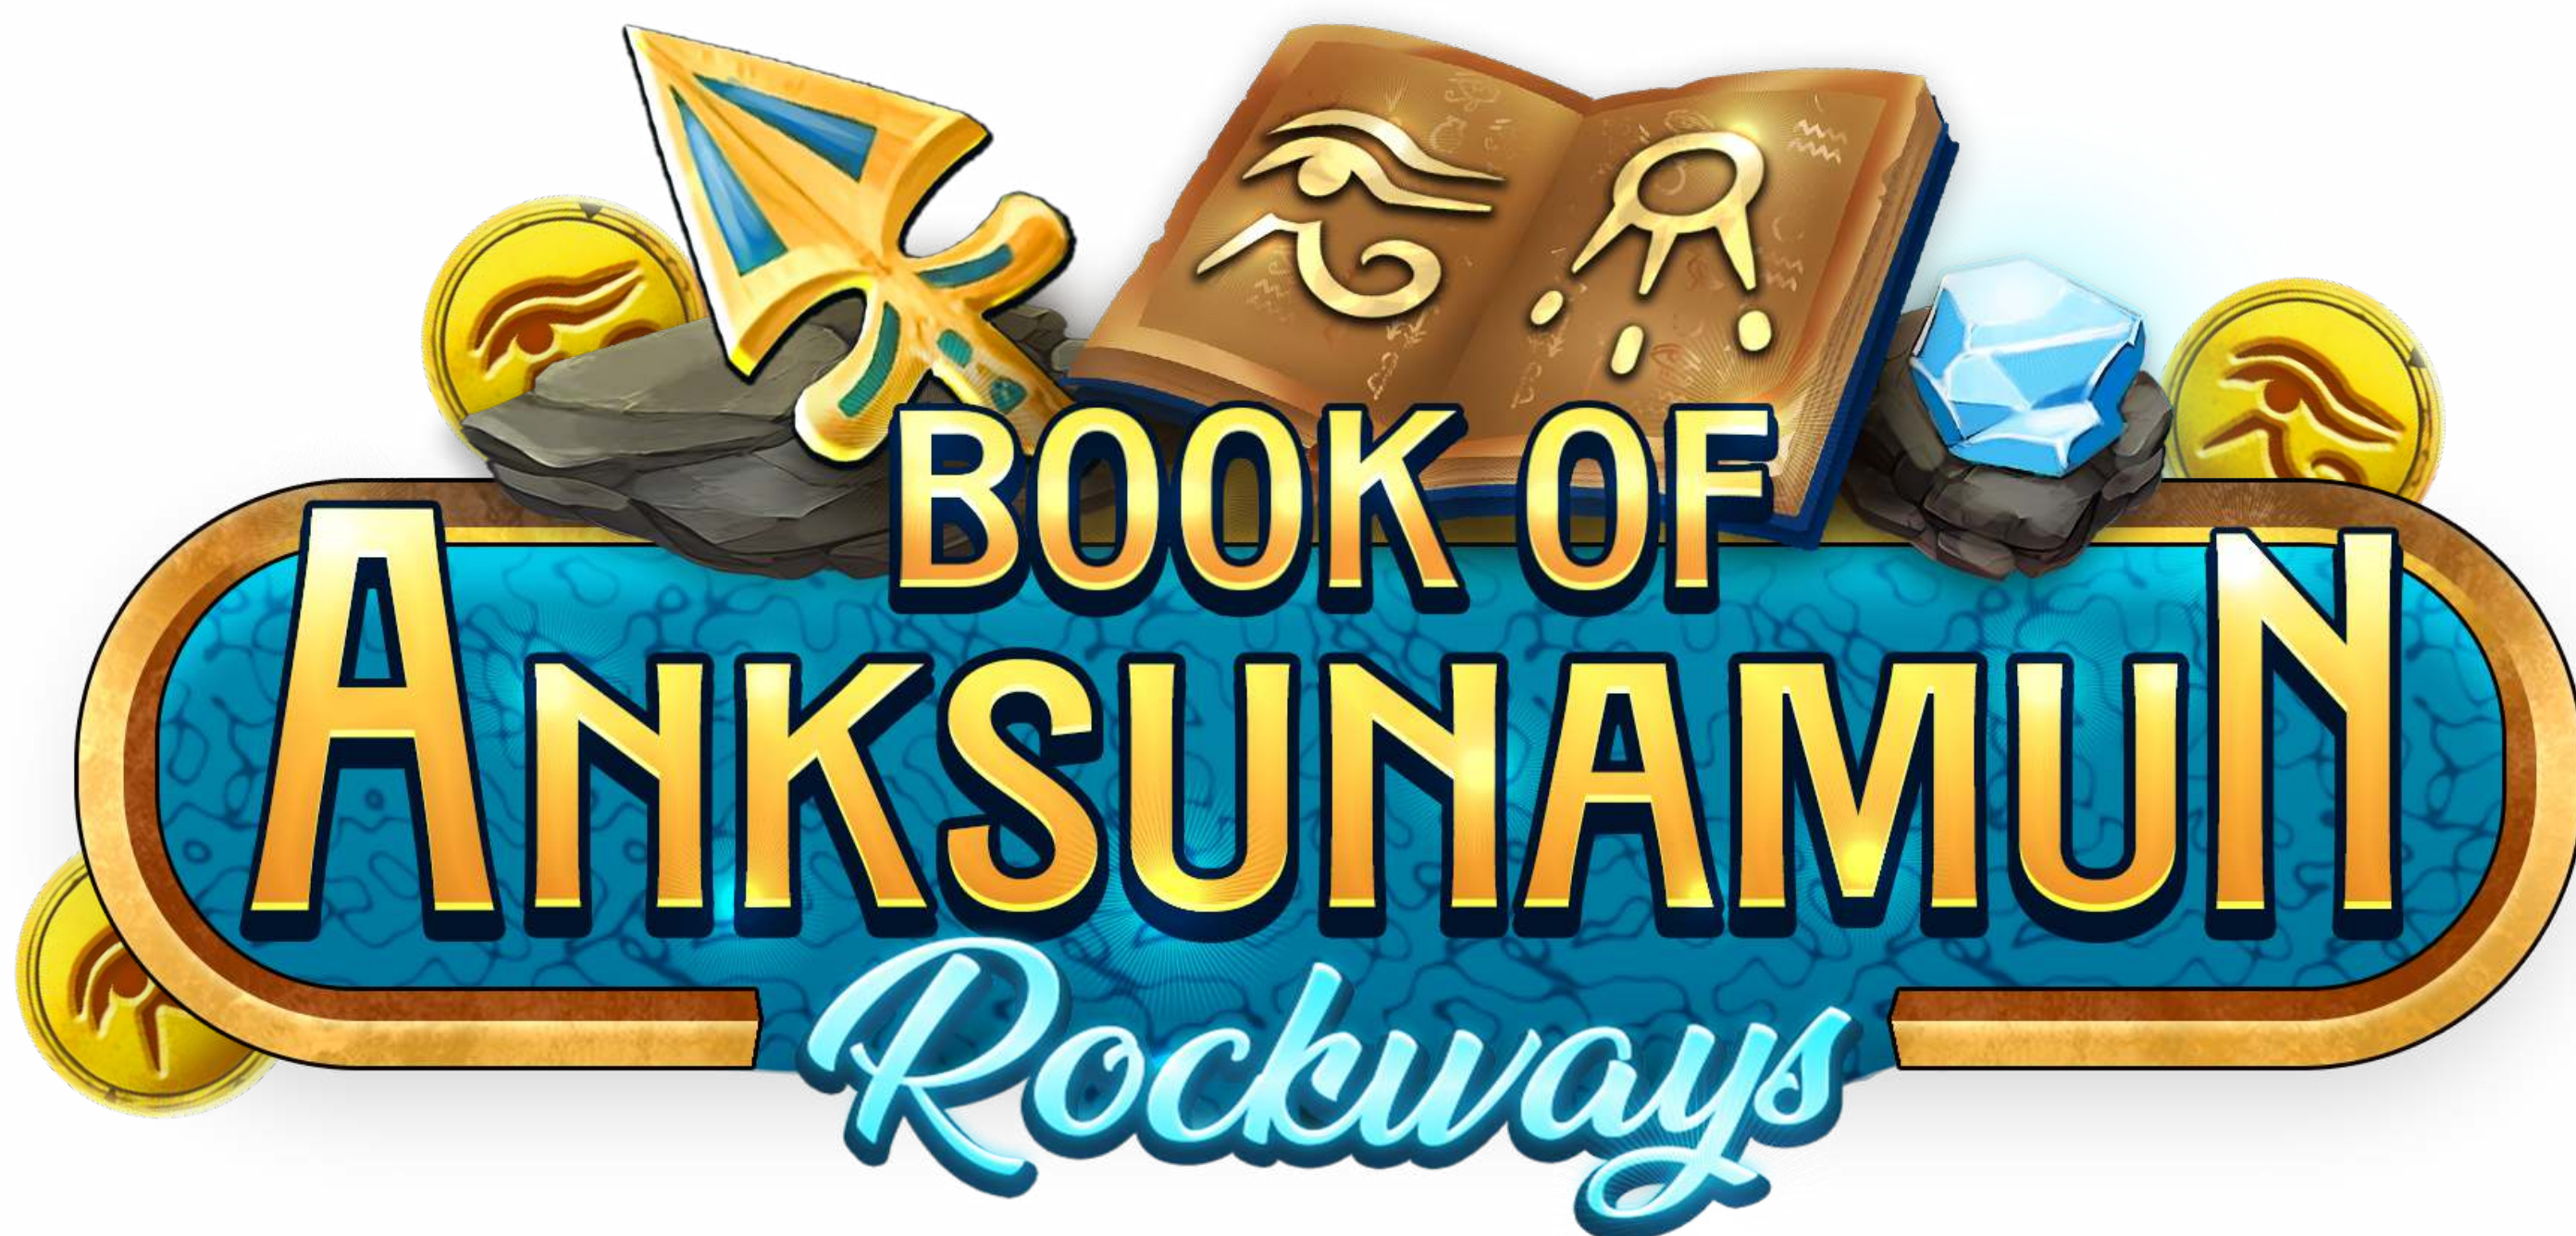

The new slot game is enriched with captivating features, ensuring an exciting gaming experience: Rockways, Rockfall, Risk and Buy and Free Spins with an Expanding Special Symbol.

During each spin, each reel can display up to five symbols. Up to three can be Blockers - empty symbols. With each new spin, Active Symbols fall downwards, and Blockers may land on top of them. Depending on the number of Active Symbols on the reels, payways are formed, ranging from 32 to 3125, which are displayed on an ancient vase on the right side of the reels.

Rockfall feature makes winning symbols disappear, and the remaining symbols on the reels, including blockers, fall down, followed by new symbols dropping from above. It continues until no more winning combinations are formed.

Another highlight of this slot game is the innovative Risk'n'Buy feature. The Risk'n'Buy feature allows players to purchase Free Spins or risk their current winnings for a chance to increase them. Players can buy Free Spins at any time during the main game under predefined conditions. Additionally, a random Special Buy offer is presented after each spin. Players can risk their winnings for a chance to increase it in the Risk game, where they can multiply up to x1000 of their total bet.

The game also features a unique Mystery symbol. The Mystery Symbol, which appears in both the main game and Free Spins, acts as a Wild Symbol and substitutes for all symbols except the Special Expanding symbol. Players can trigger 5 or 10 Free Spins with a Special Expanding Symbol when 3 or 4 Mystery Symbols appear anywhere on the reels.

Before the start of Free Spins, a Special Expanding Symbol is randomly selected from the set of symbols, excluding the Mystery Symbol. The developer has creatively designed this mechanic to resemble flipping through a book that stops on a page with a specific symbol. When this special symbol appears on a reel, it expands to cover the entire reel, based on the number of occupied active symbol spaces. If two or more special symbols appear on the same reel, they expand to cover the full height of the reel, eliminating any blockers.

Book of Anksunamun: Rockways is a masterfully created slot game by Mascot Gaming. The team has meticulously designed to bring the allure and mystique of Ancient Egypt, reflected in everything from the game's color palette to its musical score. The beautifully animated Anksunamun, placed prominently on the left side of the screen, invites players to engage with the mysteries of this ancient civilization.
