*At Mascot's farm, reels light up, each icon a joyful mate,
Fortunes rise like fresh-sown seeds, bonuses on the plate.*

Oh, life on a farm - isn't it fabulous?

Absolutely, and Mascot Gaming invites players to the most enchanting farm in the online casino realm. This slot game offers a thrilling blend of features that perfectly capture the essence of pastoral life while incorporating exciting gameplay elements.

In the Base Game, each winning combination activates the Rockfall feature. Winning symbols vanish from the screen and new ones take their place. Meanwhile, each Rockfall win increases the multiplier, potentially up to x5.

Players have several exciting options: they can engage in a series of Free Spins or dive into the exhilarating Bonus Game.

Free Spins are triggered by landing 4 or more Scatter Symbols, while 4 Bonus Symbols activate the Bonus Game.

During Free Spins, the Rockfall multiplier starts at x3 and can increase up to x15. Landing 4 Scatter Symbols during the series rewards players with 10 additional Free Spins.

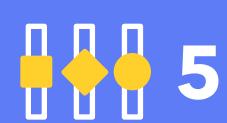

The Bonus Game begins with 3 Bonus Spins, with a chance to increase this number up to 5. During each bonus spin, players can encounter several types of symbols: the cow and the goat, which boost the total multiplier; the rooster, which activates win modifiers; and the rabbit, which adds a bonus spin to the accumulation scale. Each spin that lands one of these symbols resets the accumulation scale. If players fill the entire screen with winning symbols during the Bonus Game and there are bonus spins remaining, they receive a bonus that multiplies the current modifier by the remaining spins.

With the Risk and Buy feature, players can purchase their way into Free Spins and the Bonus Game. Beyond these two enticing Buy offers, there is a third special Buy offer that changes price after each spin, potentially offering Free Spins or the Bonus Game.

After every successful spin, players can risk their winnings for a chance to increase them. The developer has crafted a captivating game with 25 cells in a 5x5 grid, hiding win multipliers, bombs that end the game with a loss, empty cells, or special symbols that advance players to the next level of the Risk Game. There are three levels in total, each offering greater multipliers and higher stakes.

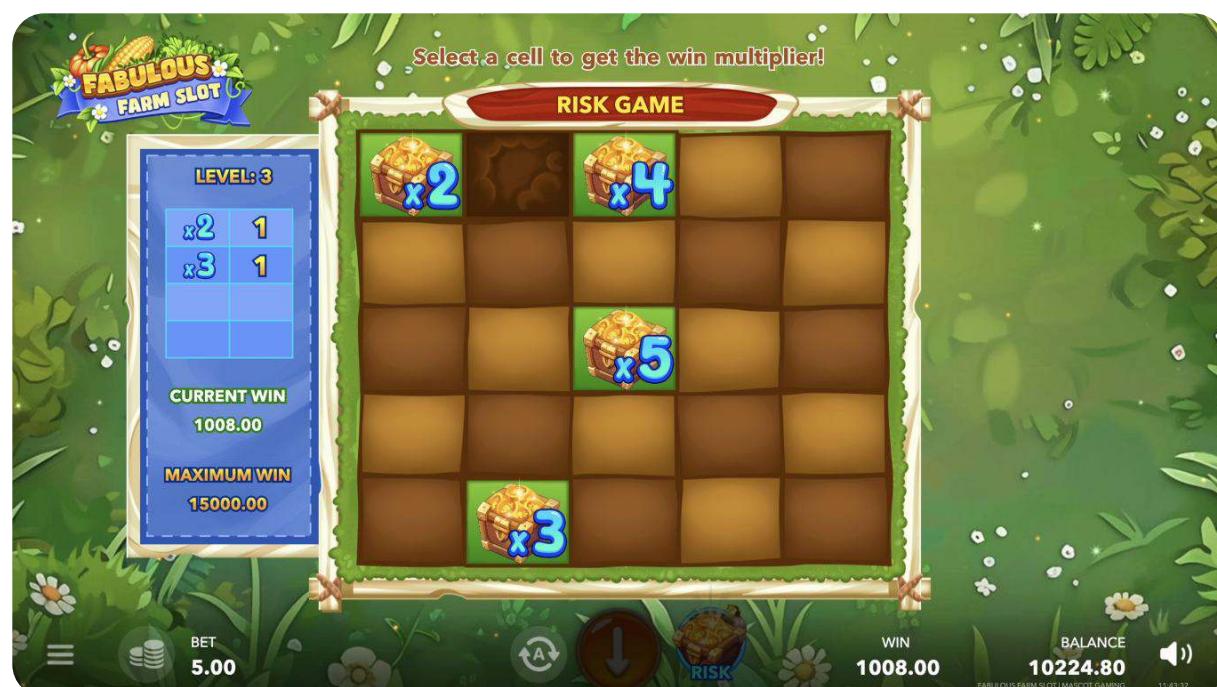

With its cartoon-style graphics, bright, lively colors, playful and inviting characters, Fabulous Farm Slot captures the heartwarming simplicity of farm life. The setting is a perfect blend of green pastures, providing a picturesque canvas for an exhilarating gaming experience.
