## **PUT ON A MASK AND EXPLORE THE RICH FESTIVITIES IN A NEW SLOT GAME LA FIESTA DE MUERTOS BY MASCOT GAMING.**

Mascot Gaming never disappoints its players, always treating them with slots that leave no one indifferent. The developer releases its new potential slot hit - La Fiesta de Muertos. Built around the theme of the Mexican holiday celebrating the day of the dead, La Fiesta De Muertos offers its players various exciting features completed with eye-catching graphics and mysterious music. It matches the real-life carnivals and lavish processions perfectly.

The main game offers the Sticky Respin feature. Whenever any winning combination appears on the screen, all winning symbols become sticky, triggering Free Respins. The current winning combination may improve during the respin. If it happens, new winning symbols will also become sticky, and the respin will start again. Respins will continue as long as new winning symbols appear on the screen or until all the reels are filled with winning symbols.

There are two types of Scatter Symbols in La Fiesta De Muertos. However, Bonus Game is triggered by a combination of 3 or more Scatter Symbols of any type. The Bonus Games has popular and well-known mechanics, as in Mascot Gaming's previous releases Loot the train! and Wildlife Riches. The Bonus Games starts with 3 bonus spins, and each time a winning symbol appears, the bonus spins counter returns to 3. The bonus offers a win multiplier applied to the total bet, a multiplier modifier, and additional bonus spins.
