STICKY FRUIT MADNESS**

*Tropical winds and vibrant plays,
Sticky fruits in summer's haze.*

A tropical paradise awaits with Mascot Gaming's latest release, Sticky Fruit Madness. This exciting slot game transports players to a stunning beachside haven, filled with tropical delights and mesmerizing visuals.

Sticky Fruit Madness features a 5x3 grid with 5 paylines and high volatility, promising an exhilarating gaming experience. The Sticky Respins feature is triggered by any winning combination, turning the winning symbols Sticky and awarding a Free Respin. With each Respin, the win multiplier increases from x1 to x2, x3, x5, and potentially up to x10. This feature continues as long as new winning combinations appear or until the entire screen is filled with winning symbols. Once the Sticky Respins conclude, the win multiplier resets to x1.

Players can further increase their winnings with the Risk game, designed as a Wheel of Fortune with three levels, each offering different multipliers. The slot game pays out in both directions, from left to right and right to left, doubling the chances for amazing wins.
