

10K  
DICE

NARROW THE ODDS AND MAXIMIZE THE REWARDS  
**IN THE NEW GAME BY TTT GAMES**

## 10K-DICE

Dice games have been a staple of casual entertainment for generations, evoking a sense of familiarity and simplicity that resonates across ages.

Building on this universal appeal, TTT Games, the division of Mascot Gaming, has launched 10K Dice, a fresh take on probability-based gameplay that combines the nostalgia of rolling dice with a modern, strategic edge.

At its core, 10K Dice is a game of calculated decisions. Players set a custom range between 0.00 and 100.00, and the game generates a random number within that spectrum. If the result falls within their chosen range, they win.

The broader the range, the higher the chance of success—but the most significant rewards come to those who dare to narrow their focus.

Devices  
**MOBILE & DESKTOP**

The game offers two ways to define risk: manual input for precision or an intuitive slider for quick adjustments. A live feed showcases the most notable wins from the past 20 seconds.

True to TTT Games' philosophy, 10K Dice incorporates progression-based personalization. With every bet, players advance through levels, unlocking new avatars and interface designs to make the experience uniquely their own.

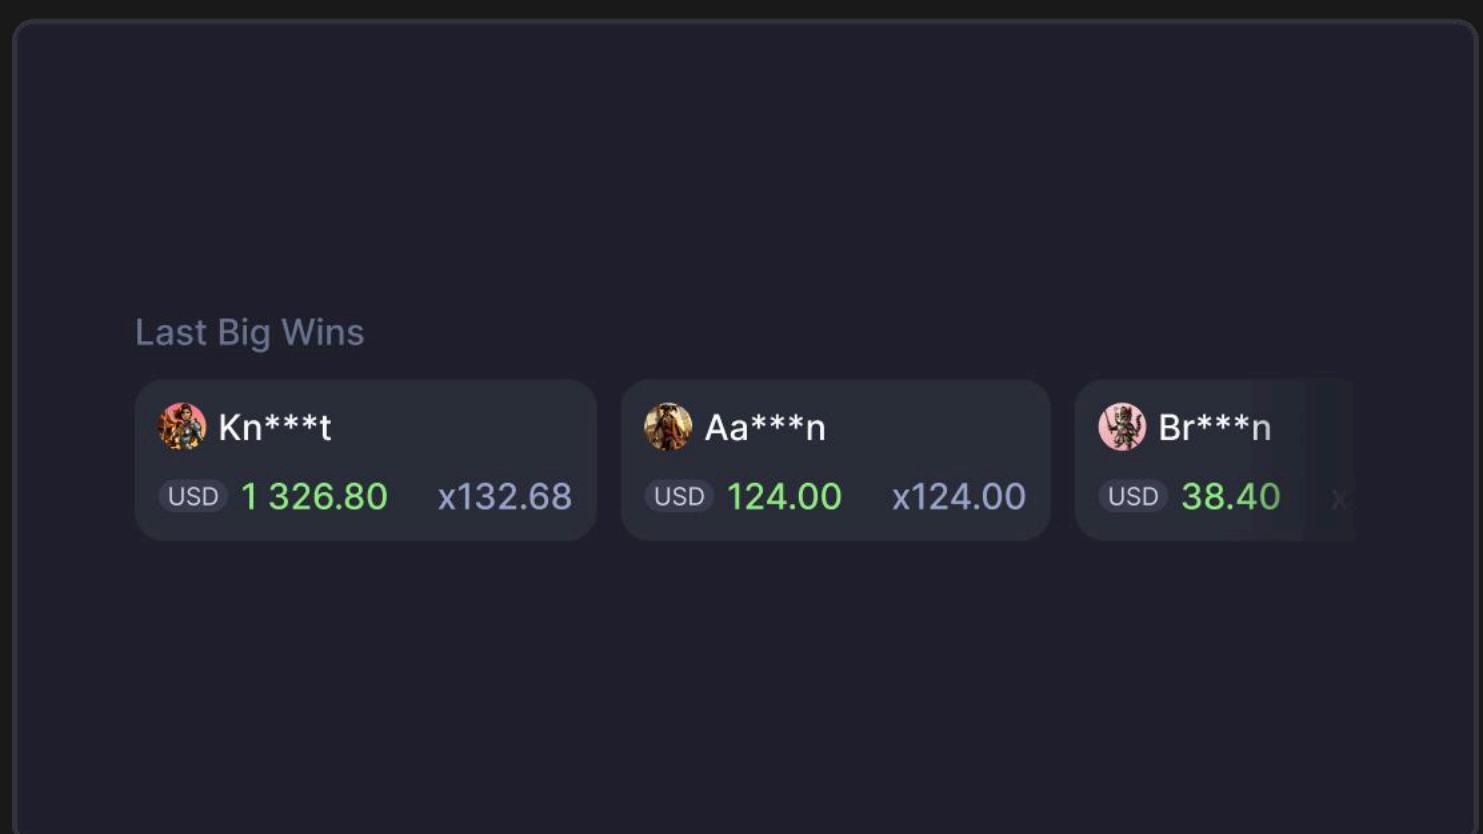

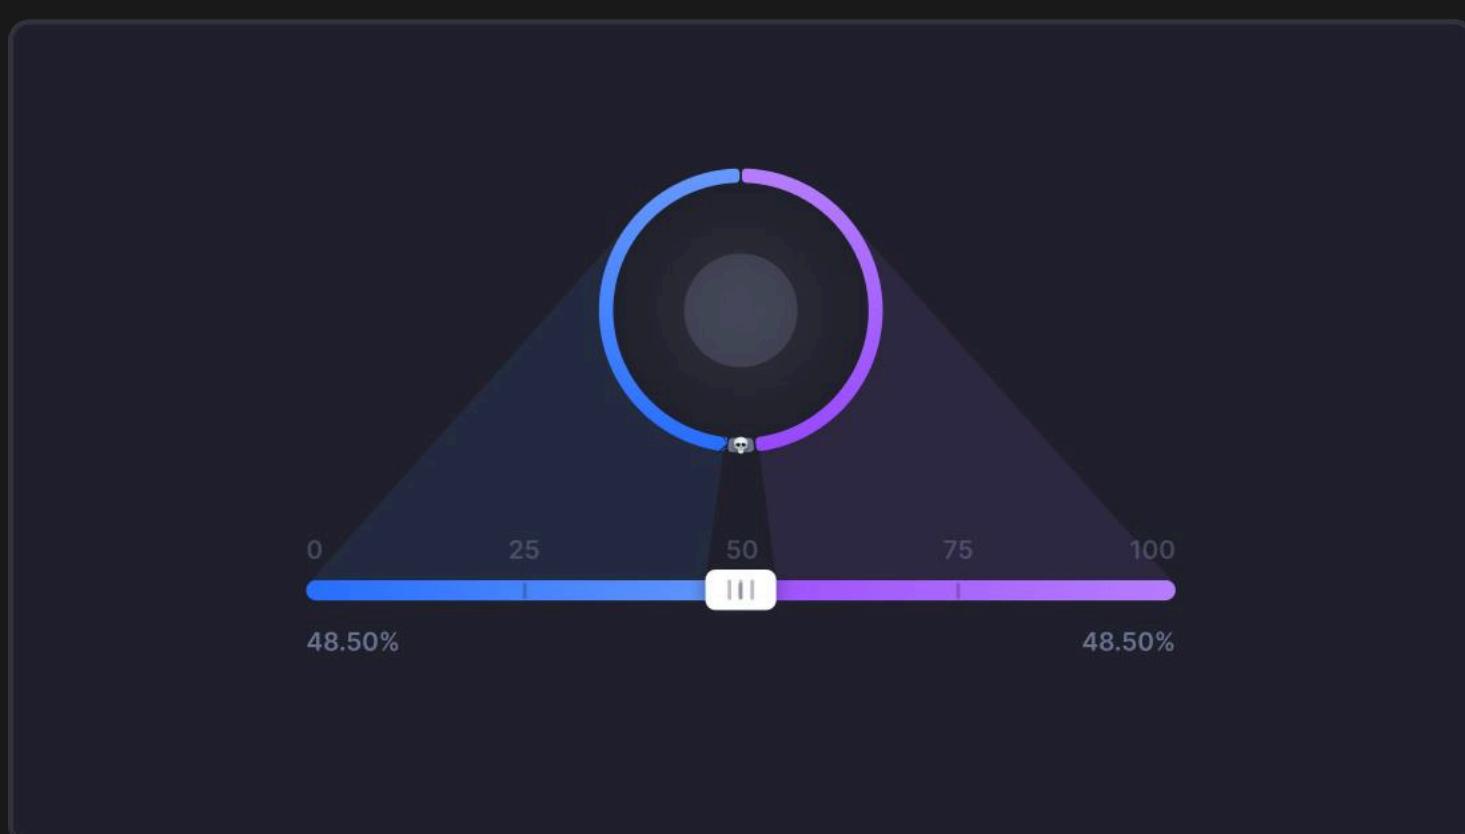

**Margarita Malyshева** 

Head of Marketing at Mascot Gaming

*"10K Dice is all about empowering players to define their own odds.*

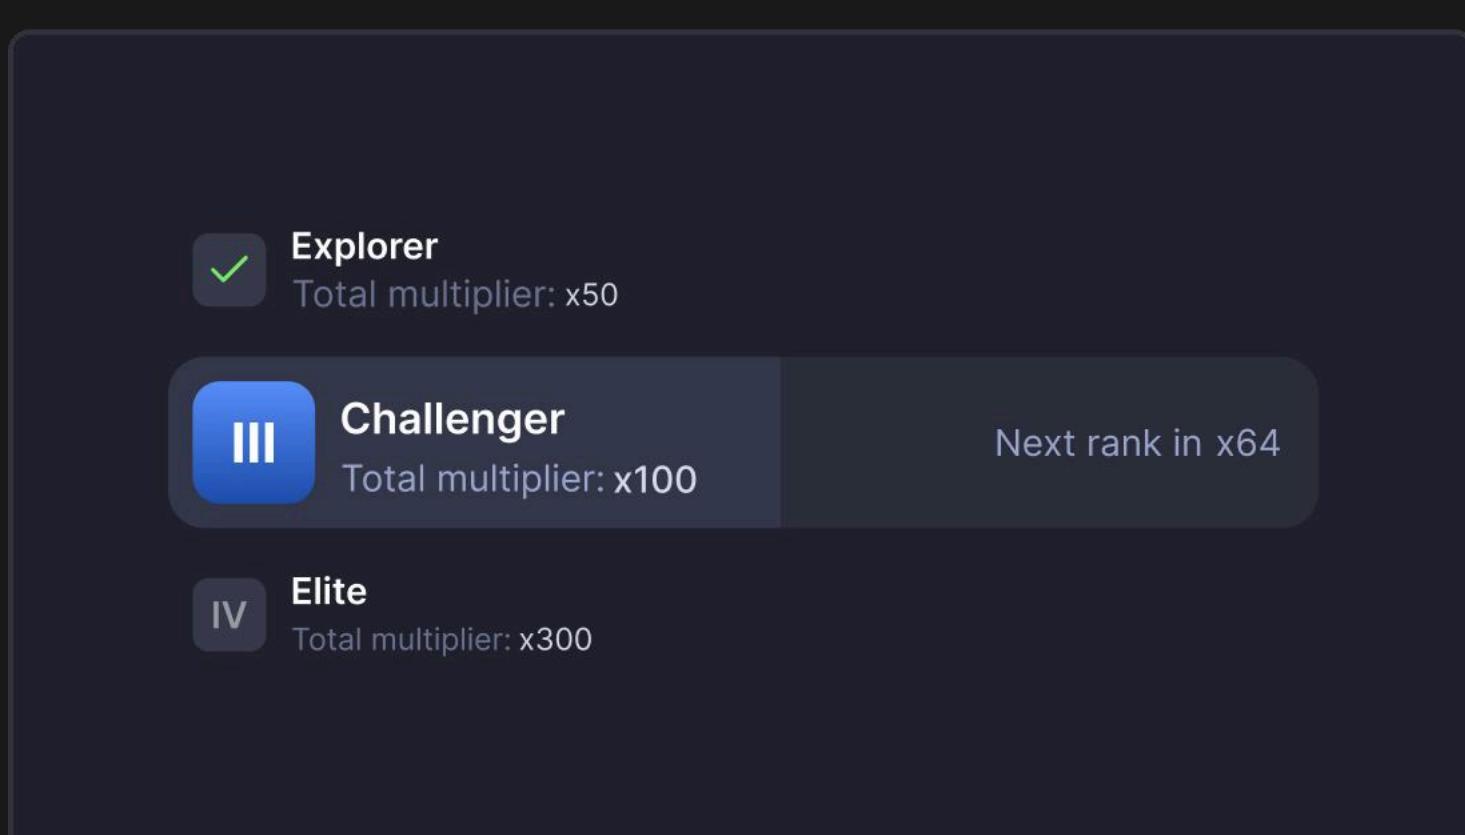

*The thrill comes from knowing that every choice matters."*

# FEATURES

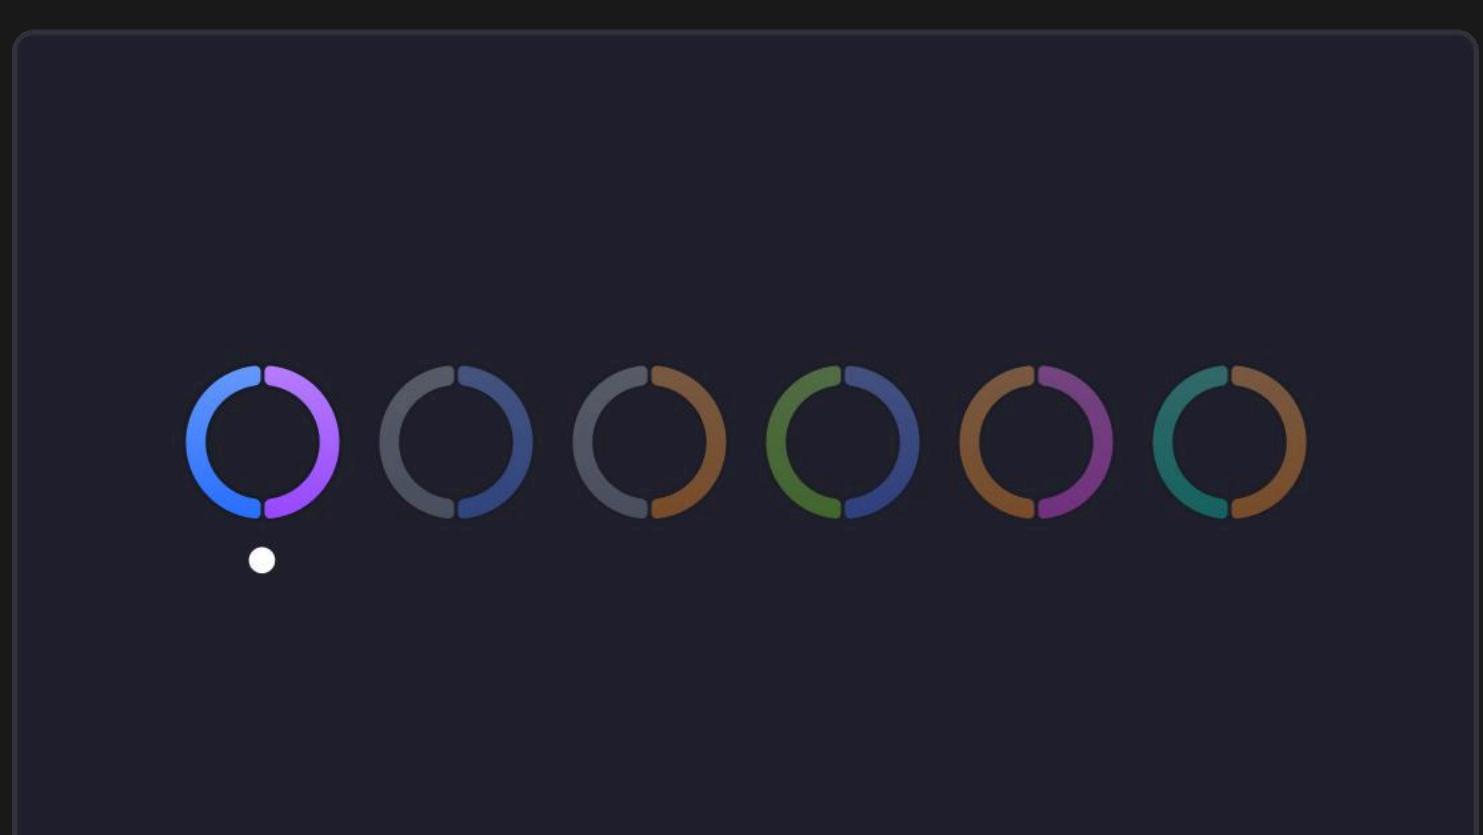

## Range Selection

Players can define their range either manually through input fields or conveniently using a slider

## Last Big Wins

A live feed showcasing the biggest wins in the last 20 seconds

## Ranks

By placing bets, players advance through ranks, unlocking new customization elements and avatars.

## Customization

Players can personalize the game area and interface elements to their liking using customization options.

## GAME DETAILS
