

SADDLE UP FOR THE NEW GAME BY MASCOT GAMING, **GUNMAN CRASH!**

*A quick-draw wager, stakes run high –
Shoot fast, win big, or kiss gold goodbye.*

Gunman Crash turns the excitement to the max with a unique spin on the popular crash game genre, where the multiplier escalates faster than a gunslinger's draw and can crash at any unpredictable moment. Players place from 1 to 5 bets simultaneously, each represented by a different firearm – because who doesn't love options when heading into a duel?

Players watch their bets' multipliers soar and must swiftly decide when to holster their winnings before it all goes south. Think fast, or your gold will vanish quicker than a tumbleweed in a sandstorm. The bravest gunslingers can chase a multiplier as high as x5000 – now that's what we call high noon stakes.

But wait, there's more gold in the hills! Players can also earn between 1 to 5 Free Bets per bet, which randomly pop up instead of multipliers and require fast-drawing reflexes to claim before the round ends.

Gunman Crash isn't just about bets—it's about atmosphere. Experience three distinct Wild West locations: a rowdy saloon, a high-speed train heist, and a dusty frontier town. Each scenario brings its own unique setting, adding layers of style as you blaze your trail to riches.

Margarita Malysheva,
Head of Marketing at Mascot Gaming:

«Gunman Crash shoots straight from the hip, mixing humor, risk, and excitement. We're thrilled to see players take aim at those massive multipliers—and trust me, there's nothing quite like the thrill of claiming a win just before the multiplier hits the dust.»
