SKYROCKET

TTT Games, a division of Mascot Gaming, launches Skyrocket — a next-generation crash game that brings multiplayer energy, bold visuals, and strategic decision-making into perfect orbit. Built for players who thrive on risk and timing, Skyrocket takes the crash genre to thrilling new heights.

At the core of the game is a dynamic multiplier that grows continuously and can reach up to x10000. Players must cash out before the rocket explodes — but with Skyrocket's exclusive Half-Cashout feature, they don't have to choose between safety and risk. This unique mechanic allows players to secure part of their winnings while leaving the rest in flight — delivering two plays in one round.

Skyrocket is a true multiplayer experience. Players launch into each round together, with real-time rockets, visible cashouts, and a live leaderboard showing current high-flyers and all-time greats. Social engagement is at the heart of every round.
