REV YOUR CHAINSAW – THE NIGHTMARE IS KNOCKING AT THE DOOR IN
# EVIL BET: SHOOT THEM ALL
BY MASCOT GAMING

The wind howls. The undead rise.
One last shot… or face your demise.

Evil Bet: Shoot Them All is a blood-pumping shooter from Mascot Gaming, the chilling continuation of the fan-favorite The Evil Bet. This time, the horror runs deeper, the monsters grow meaner, and the rewards – more wicked than ever.

Players choose one of three cursed locations – the Rotten Barn, the Wicked Swamp, or the Cursed Crypt – each setting the stage for a new nightmare. Every round ends with a unique Boss.

Destroying special symbols along the way grants Free Shots, letting players keep up the carnage without spending extra. And for the most daring, these symbols also deliver additional rewards, waiting to be claimed by those brave enough to shoot first and fear nothing.

To survive the escalating horror, players have access to three types of weapons: Pistol, Shotgun, and Chainsaw. Each brings its own tactical advantage.

Volatility	Max Multiplier	HTML 5

Crafted with a deep appreciation for classic horror aesthetics and modern shooter dynamics, Evil Bet: Shoot Them All immerses players in a cinematic nightmare where every level is thick with dread, tension, and relentless action. It's a carefully balanced experience that rewards precision, courage, and the will to survive.

**Margarita Malysheva,
Head of Marketing at Mascot Gaming:**

> «Evil Bet: Shoot Them All is our love letter to horror shooters — merciless, chaotic, and absurdly fun. We wanted players to feel the adrenaline of a nightmare they can conquer, one bullet at a time.»
