

LIGHTS, LUCK, AND LAVISH WINS IN MASCOT GAMING'S NEW RELEASE – PLINBALL MACHINE

*The ball drops fast, the odds are tight,
A single bounce decides your night.*

Mascot Gaming invites players into a glamorous world of retro glitz and high-stakes thrills with Plinball Machine – a fresh take on the classic Plinko concept, now transformed into a full-fledged casino experience.

The core gameplay is elegantly simple: players place their bets and release a ball or either several balls simultaneously onto a triangular pegboard. The ball travels down the field, bouncing off a series of pegs, until landing in one of the multiplier slots at the bottom. Each slot carries a specific multiplier, ranging from minimal (x0.1) to highly rewarding (x100).

Adding another layer of opportunity is the Free Balls feature. When balls consistently land in the outermost slots, players unlock bonus balls at no extra cost, extending their chances for additional wins.
