## TASTE THE TIMELESS THRILL OF CLASSIC REELS IN THE NEW MASCOT GAMING RELEASE – **FRUIT MACHINE: MEGA X**

*Through spinning lights and juicy shine,  
Where fruit and fortune intertwine.*

Fruit Machine is back! Mascot Gaming introduces another fantastic slot in the legendary series – fresh, explosive, and more rewarding than ever before. This release keeps the timeless spirit of the original series while expanding it with dynamic features designed for momentum, streaks and big climbs up the win ladder.

In Fruit Machine: Mega X, winning combinations pay anywhere on the reels. When a win lands, the Rockfall Feature activates. All winning symbols vanish, and new ones drop down, creating additional chances to win within the same spin.

Multipliers come into play when three or more land on the screen at once. Instead of acting separately, they merge into one total value and are applied directly to the win, boosting the final payout. In long cascade sequences this effect becomes especially noticeable – the longer the chain, the more intense the rewards can feel.

After any successful spin, the game offers the option to gamble the winnings. The risk round is simple: choose tiles and watch the win grow, but avoid the bomb that ends the attempt instantly. It's a moment of decision after each win – take what you have or try to push it further.

Fruit Machine: Mega X builds a bright and energetic atmosphere through its visual and sound design. The slot stays true to its retro roots, but with a modern polish that makes the experience more vivid and engaging.

**Margarita Malyshova,  
Head of Marketing at Mascot Gaming:**

"This is our way of showing how a classic fruit slot can breathe differently – brighter, quicker, louder. It's familiar, but it has pulse, tempo and that spark of unpredictability we wanted players to feel from the very first spin."
