GAME MECHANICS

In the base game, Wild symbols double the win whenever they appear in a winning combination. The Boost feature increases the chance of triggering Free Spins, which are activated when at least 3 Scatter symbols land, awarding 10 Free Spins. During Free Spins, a new Multiplier Symbol appears. Each Multiplier Symbol on a winning spin doubles the total win.

Landing 3 or more Scatter symbols awards 10 additional Free Spins. The Pay Anywhere mechanic applies during Free Spins, allowing all winning combinations to pay anywhere on the screen.

The slot game also includes Risk and Buy, Mascot Gaming's flagship feature. With the Buy option, players can purchase direct access to Free Spins and any successful spin can be further multiplied by spinning the Risk Wheel.

UNIQUE FEATURE

The slot game also offers a **new unique feature** from the developer – a **Free Rounds** option. Players can purchase a predefined set of Free Rounds played with increased volatility. Free Rounds cannot be triggered in the base game and are available only through direct purchase. If during Free Rounds players trigger Free Spins, the session will also be played with increased volatility.

DESIGN

Tessa Hunt and the Mission Monte Carlo immerses players in the sophisticated yet dangerous world of high-stakes espionage. The visual style draws inspiration from classic spy thrillers – think luxury casinos, shadowy figures, and neon-lit nights.

Margarita Malysheva,
Head of Marketing at Mascot Gaming:

"Tessa Hunt and the Mission Monte Carlo is a perfect fit for any casino lobby. Players already love Tessa, and with the pack of exciting features, this title's set to perform from day one."
