GAME MECHANICS

Special Coin symbols appear throughout the game displaying prize values, Jackpot amounts, or Collect icons. When a Collect symbol lands with fewer than 6 Coin symbols showing prizes or Jackpots, all visible values are instantly awarded. Landing 6 or more Coin symbols triggers the Hold and Win feature.

The Hold and Win feature locks all Coin symbols in position and grants 3 respins. Each new Coin symbol that lands resets the counter back to 3 respins.

In the game, Coin symbols may reveal Mini and Major Jackpot rewards, while the Grand Jackpot serves as the ultimate prize and is awarded when the screen is completely filled during the Hold and Win feature.

In the base game, 3, 4, or 5 Scatter symbols award 10 Free Spins. The Coin collection mechanics remain active – Collect symbols gather prizes when fewer than 6 Coins are present, while 6 or more Coins activate Hold and Win.

The slot game includes Risk & Buy, Mascot Gaming's flagship feature. The Buy option provides direct access to Free Spins or the Hold and Win feature. The Risk option allows players to gamble any win on a three-level Wheel of Fortune for a multiplier.

DESIGN

Rice and Riches Hold and Win immerses players in a vibrant celebration of Asian culinary culture and tradition. The visual aesthetic draws inspiration from a lavish feast – think steaming dim sum, ornate tea sets, golden fortune cookies, and colorful sushi platters arranged on a richly decorated table.

Margarita Malysheva,
Head of Marketing at Mascot Gaming:

“Asian-themed slots have their audience, and this slot game is built to convert them. The combination of Hold and Win with Jackpot potential and Risk & Buy creates the engagement loops operators need.”
