## GAME MECHANICS

At the core of Vamos, Ganamos! is the Boost feature, which increases the chance of triggering Free Respins. This mechanic defines how the game unfolds, shifting the experience toward sequences where the reel setup can strengthen over time.

When Wild symbols land on reels 2, 3, or 4, they expand to cover the full reel, become sticky, and award 1 Free Respin. If several Wilds appear on the same spin only 1 Free Respin is awarded, keeping the feature flow clear and easy to follow.

During Free Respins, all expanded Wild Reels remain locked in place. As additional Wilds appear, they also expand into sticky Wild Reels and award extra Free Respins, extending the sequence.

As the feature progresses, the reels can become progressively stronger, creating a flow where every added Wild Reel changes the setup and builds momentum.

The gameplay remains easy to read from the first spins, with a familiar 5x3 reel layout, 10 fixed paylines, and wins paid in both directions.

After any winning spin, players can activate the Risk Gamble feature. On a 5x3 gamble field, players try to pick a card higher than the one revealed by the game to increase the current win, adding an extra decision point and the option to push results further.

## DESIGN

Under the stadium lights, Vamos, Ganamos! comes alive with the colour, rhythm, and excitement of a football match in full swing. Packed stands, waving banners, drums, trophies, and familiar match-day symbols create a bright and energetic setting where every spin feels charged with anticipation. Combined with upbeat music and bold visuals, the game delivers a lively football-themed experience built around the thrill of momentum, team spirit, and the chase for victory.

**Margarita Malysheva, Head of Marketing at Mascot Gaming:**

“Vamos, Ganamos! combines accessibility with a clear sense of progression that players can follow throughout the round. The football theme gives the game instant familiarity, while the feature flow keeps players engaged as the action develops. The combination of theme and gameplay creates an entertaining experience that keeps the excitement going from start to finish.”
