IN THE NEW GAME BY TTT GAMES

UFO CRASH

UFO Crash is a visually immersive single-player crash game where every bet builds a sense of progress. Evolving visual worlds, progress toward a free round, and rank advancement give players multiple reasons to stay engaged and return.

Every flight is a visual journey

As the multiplier grows, the game area changes its colors and geometry, opening portals to new worlds. Slow-motion effects, chromatic aberrations, and transitions accompany the entire flight, building tension before cashout. All of that directly impacts increased number of rounds per session.

Every bet brings a free round closer

The visible Free Bonus meter connects individual bets through steady progress toward a reward. The more rounds players play, the faster the meter fills, creating an additional goal within each session and providing strong retention.

Progress that goes beyond a single flight

Placing bets advances players through ranks, unlocking new avatars. Building a personal profile complements the bonus mechanic with longer-term goals and reasons to return.

Fast-paced rounds at the player’s own pace

The single-player format lets players launch their next flight without waiting for others or a shared round to begin. Players set their own session pace, keeping the action quick and dynamic.

Social engagement within a single-player experience

The live leaderboard displays other players’ activity and the biggest wins. This creates a sense of a lively game and competitive interest while allowing each player to launch rounds independently.

FEATURES

Free Bonus

Every bet fills up the Free Bonus meter. The more rounds you play, the faster it fills - and once it’s full, you receive a free bet.

Singleplayer / Fast-Paced Rounds

Rounds follow one another without pauses, keeping the action quick and dynamic.

Live Leaderboard

The online board shows players in the current round, as well as the biggest wins in the game’s history.

Ranks

By placing bets, players climb through the ranks, unlocking a fresh set of avatars with every new level.
